

THE SEA DIVERS

FROM THE EXECUTIVE FLOOR

I continue to get excellent support from our hard-working Executive Committee. I cannot thank them enough for their dedication to the club. I don't think it's always realized by the general membership how much time and effort are required to keep the club "afloat." Also, most of the Executive Committee has remained the same for the past several years -- which is both good news and bad news. The good news is that we ARE experienced! The bad news is that we are all getting older, perhaps are fixed in our ways; may not on occasion hit the pulse of the membership and most of all may be "wearing out!" At this point, there does not appear to be too many of you out there looking for a position of responsibility with potential for significant growth" within the club. However, I would ask you all to maybe consider taking on the leadership and/or organization of a single club event -- be it a beach dive; a campout; eat-in; anniversary, halloween or Xmas/New Year's party; or even a river rafting trip or something!! We will be calling in anticipation of a couple of positive responses.

Don't forget the upcoming "frequent diver" two-day on the PEACE, 13-14 December 1991.
