

THE SEA DIVERS

IN AFFILIATION WITH AMERICAN DIVING

FROM THE EXECUTIVE BOOTH...

As you are aware from the mailing you received recently, the club Executive committee will be significantly changed for 1995. We do not expect any major changes in club activities etc. but we do plan to re-assess our overall structure, dive schedules and the ever present issue of member support. Based on the past year or so it is imperative that we re-vitalize some of you into being more active and at the same time introduce new members into our club. At our Extraordinary Executive Meeting on 10 November 1994, those present - some 20 or so - were in favor of doing whatever it takes to keep the club healthy and "in business". We have a strong nucleus and obviously some additional interested parties surrounding that nucleus. My plea to the rest of you is to remain or become active and **dive with us** when schedule/dollars permit!
